

## HMS MONMOUTH-THE BATTLE OF CORONEL MEMORIAL APPEAL.

The Type 23 Frigate, HMS Monmouth, was commissioned for service in 1992. The sixth warship of the name, she has the greatest number of battle Honours of any ship in the Royal Navy. Her predecessor took part in the Battle of Coronel, Chile, on November 1st. 1914. During the action, HMS Monmouth and HMS Goodhope were hit and sunk. The Monmouth refusing to strike her colours, took enemy fire to the bitter end. There were no survivors.

Despite such courage, no Battle Honour was awarded, because the British force was defeated. There does not seem to be a memorial to the 690 men who went down with their ship. The members of the Monmouth Branch of the Royal Naval Association intend to put this right. The memorial will take the form of a screen door, to be erected in the Church of St. Mary, the Parish Church of Monmouth.

The Branch aims to raise £11,000 in time for the dedication planned for October this year. We welcome donations for this memorial.
